

MUHAMMAD AMEEN SHAIKH

CIVIL ENGINEER | PLANNING AND COST CONTROL | PROJECT MANAGEMENT

Karachi, Sindh, Pakistan | ☎ +92 332-7922097 | ✉ muhammadameenshaikh99@gmail.com

PROFESSIONAL SUMMARY

Civil Engineer with strong expertise in planning, cost control, and project management across multi-site infrastructure and building projects. Experienced in quantity verification, BOQ preparation, cost estimation, and As-Built documentations for projects valued up to PKR 800 Million. Skilled in developing PC-1 documents, monitoring project schedules using Primavera P6 and MS Project, and supporting budgeting and financial control mechanisms. Demonstrates hands-on experience in site supervision, tender evaluation, and contract management. Known for analytical problem-solving, effective stakeholder coordination, and ensuring projects are delivered on time and within budget.

CORE COMPETENCIES:

Project Planning & Scheduling (Primavera P6, MS Project) - Quantity Take-Offs, BOQ Preparation & Cost Estimation - Rate Analysis & Engineer's Estimation - PC-1 Development & As-Built Preparation - Construction & Infrastructure Project Management - Budgeting, Forecasting & Cost Control - Tender Evaluation & Contract Documentation - Site Coordination & Stakeholder Management - AutoCAD, Civil 3D, Revit, PlanSwift, Bluebeam - GIS (QGIS, ArcGIS, Global Mapper) & Advanced MS Excel - Analytical Thinking, Risk Assessment & Decision Making

EXPERIENCE

Assistant Engineer – Planning & Cost Control

M/S Atif Nazar Pvt. Ltd., Karachi East

May 2025 – Present

Coordinating multi-site infrastructure and building projects across Korangi (35-A & 32-A), EPZA Labour Colony, Sherpao Colony F-1 and F-2, North Karachi, and SITE Industrial Area under WWBS.

- ❖ Verifying contractor and subcontractor measurements averaging **PKR 40 Million per month**, maintaining discrepancies below **4%** across cumulative verified quantities exceeding **PKR 3.23 Billion**.
- ❖ Preparing detailed BOQs, engineer's estimates, contractor invoice preparation/verification, and As-Built drawings for infrastructure and rehabilitation projects (F-1 & F-2 Sherpao Colony, EPZA) valued at PKR 700–800 Million.
- ❖ Developed complete **PC-1 documentation** and detailed **engineering estimates** for infrastructure and - external development projects, including Jumma Goth, Hill City and North Karachi Industrial Area covering scope definition, cost breakdown structures (CBS), technical justifications, and government approval submissions.
- ❖ Monitoring project schedules using Primavera P6 and MS Project to ensure alignment with time and cost baselines.
- ❖ Supporting budgeting, forecasting, and financial control mechanisms to maintain project discipline.
- ❖ Contributing to tender documentation, technical proposals, and competitive bidding processes.

Graduate Trainee Engineer

M/S Atif Nazar Pvt. Ltd., Karachi East

Nov 2024 – Apr 2025

Assisted in the execution of **Munawar Chowrangi** under the **Karachi Development Authority (KDA)**, supporting site supervision and infrastructure development activities.

- ❖ Performed **site surveys, quantity take-offs, and verification of work executed** for road works, drainage systems, and utility alignments.
- ❖ Supported **cost estimation, BOQ verification, and preparation of interim billing** based on on-site progress measurements.
- ❖ Coordinated with **site engineers, contractors, and survey teams** to ensure work was executed according to project drawings and specifications.

Internee – Structural Engineer

SMK Associates, Karachi

Aug 2023 – Sept 2023

- ❖ Learned the process of preparing structural drawings and basic design documentation for building projects.
- ❖ Observed structural planning and coordination for residential and mixed-use developments.

- ❖ Gained exposure to project planning concepts and design workflow, including a shopping mall development project in Jeddah, Saudi Arabia.

Internee – Site Engineer

Empirical Constructors & Co., Karachi

Mar 2023 – Apr 2023

- ❖ Gained practical exposure to the **construction process of a private college building project**, observing structural execution and site activities.
- ❖ Learned **site supervision practices, measurement techniques, and daily progress monitoring** during ongoing construction works.
- ❖ Developed understanding of **construction sequencing, coordination between site teams, and workflow management** on an active project site.

EDUCATION

NED University of Engineering & Technology.

Karachi East, Sindh, Pakistan

Bachelors in Civil Engineering (B.E.Civil)–CGPA: 3.28

Oct 2020– Aug 2024

SKILLS

Engineering & Planning Skills:

Quantity Take-Offs, BOQ Preparation, Cost Estimation, Rate Analysis, Engineer's Estimates, PC-1 Development, Planning & Scheduling (Primavera P6, MS Project), Construction Planning, Infrastructure Project Planning, Budget Forecasting, As-Built Preparation.

Software & Tools Skills:

AutoCAD, Civil 3D, Revit, PlanSwift, Bluebeam, GIS (QGIS, ArcGIS, Global Mapper), MS Office, Advanced MS Excel.

Technical & Contractual Management Skills:

Tender Evaluation, Bid Documentation, Measurement Verification, Quantity Billing, Technical Reporting, Cost Control & Cost Monitoring, Contract Documentation, Project Budget Analysis, Site Coordination.

Professional Skills:

Presentation & Communication Skills • Ethical Engineering Practice • Project Planning, Coordination & Execution • Analytical & Critical Thinking • Problem Solving & Risk Assessment • Decision-Making under Technical Constraints • Stakeholder Coordination (Clients, Consultants & Contractors) • Strategic Planning in Construction Projects

LANGUAGES

English(A), Urdu(A), Sindhi(A), Chinese(C), Turkish (C), Arabic (C)

CERTIFICATIONS

Registered Engineer (Civil Engineering)

Pakistan Engineering Council (PEC)

Registration No: **CIVIL/075181**
